EXPERIENCE

HCL Technologies   February 2023 – Present
Software Engineer/Analyst

- **Developed** Drupal-based web applications, focused on single codebase solutions to maximize efficiency and scalability.
- Boosted **website accessibility** score **from 67% to 97%** by implementing **WCAG standards** and best practices, directly improving user experience for diverse audiences.
- Designed and **implemented Responsive**, high-performance user interfaces using React JS, jQuery, JavaScript, Bootstrap, and SASS.
- Utilized **SonarQube** for automated code quality analysis and **Storybook** for developing and documenting reusable UI components, enhancing code reliability and frontend consistency across projects.
- Following **Agile methodologies** to efficiently manage and deliver project tasks, resulting in improved team collaboration and timely completion of deliverables.
- Leveraged Jira and Bitbucket for effective project tracking, backlog management, and version control.
- **Collaborated** cross-functionally with backend developers to seamlessly integrate frontend components with Drupal modules, contributing to robust application architecture.
- Optimized website performance and ensured **cross-browser compatibility** for consistent user experiences.
- **Proactively upskilled** in emerging technologies and tools, Recognized by peers and management for the ability to swiftly learn and implement innovative solutions in dynamic environments.

KEY ACHIEVEMENTS

- Best Performer of the year Award at HCL Technologies, for achieving the highest employee rating over 6 consecutive quarters (2024 – 2025)
- React Bronze Medal Award – 2024
- Appointed as Frontend Developer in Novartis Dolphin project for developing HCL website
- Employee of the Year Reward – 2024

EDUCATION

- **Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science and Technology**

  B.Tech in ECE – 8.98   June 2018 - July 2022

- **Sri Chaitanya Junior College**

  MPC – 9.4   June 2016 - June 2018

- **Rishi Vidya Nikethan High School**

  High School – 9.7   June 2015 - June 2016

CERTIFICATIONS

- Certified as React JS developer from HCL Technologies and from UDEMY, Received Bronze medal.
- Certified in jQuery and JavaScript.
- Certified in Core Java from HCL Technologies.
